

TIME FOR YOUR CONGREGATIONAL CHECK UP?

*Just as an annual visit to the doctor makes good sense... even if you feel just fine...
so does a routine self assessment of your congregation's important areas of financial management.*

The Atlantic District's Parish Support and Financial Management Task Force is offering a "check up" to assist in developing a baseline assessment of congregational areas of management. Leaders will benefit from the expertise provided and return with a plan specific to local needs.
